Cautionary Note Regarding Forward-Looking Statements

This document contains forward-looking statements pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. These forward-looking statements reflect our current views with respect to, among other things, future events and our financial performance. These statements are often, but not always, made through the use of words or phrases such as “may,” “should,” “could,” “predict,” “potential,” “believe,” “will likely result,” “expect,” “continue,” “will,” “anticipate,” “seek,” “estimate,” “intend,” “plan,” “projection,” “would” and “outlook,” or the negative version of those words or other comparable of a future or forward-looking nature. These forward-looking statements are not historical facts and are based on current expectations, estimates and projections about our industry, management’s beliefs and certain assumptions made by management, many of which, by their nature, are inherently uncertain and beyond our control. Accordingly, we caution you that any such forward-looking statements are not guarantees of future performance and are subject to risks, assumptions and uncertainties that are difficult to predict. Although we believe that the expectations reflected in these forward-looking statements are reasonable as of the date made, actual results may prove to be materially different from the results expressed or implied by the forward-looking statements.

There are or will be important factors that could cause our actual results to differ materially from those indicated in these forward-looking statements, including, but not limited to, the following:

- business and economic conditions generally and in the bank and non-bank financial services industries, nationally and within our local market areas;
- the impact of COVID-19 on our business, including the impact of the actions taken by governmental authorities to try and contain the virus or address the impact of the virus on the United States economy (including, without limitation, the CARES Act), and the resulting effect of all of such items on our operations, liquidity and capital position, and on the financial condition of our borrowers and other customers;
- our ability to mitigate our risk exposures;
- our ability to maintain our historical earnings trends;
- changes in management personnel;
- interest rate risk;
- concentration of our products and services in the transportation industry;
- credit risk associated with our loan portfolio;
- lack of seasoning in our loan portfolio;
- deteriorating asset quality and higher loan charge-offs;
- time and effort necessary to resolve nonperforming assets;
- inaccuracy of the assumptions and estimates we make in establishing reserves for probable loan losses and other estimates;
- risks related to the integration of acquired businesses, including our acquisition of HubTran Inc. and developments related to our acquisition of Transport Financial Solutions and the related over-formula advances, and any future acquisitions;
- our ability to successfully identify and address the risks associated with our possible future acquisitions, and the risks that our prior and possible future acquisitions make it more difficult for investors to evaluate our business, financial condition and results of operations, and impairs our ability to accurately forecast our future performance;
